

GEOLINO EXTRA

The single-topic children's magazine

GEOLINO EXTRA deals with only one topic from the fields of mankind, nature and technology in each issue. The topics are explored in all conceivable facets on 72 pages - a unique feature in the field of children's magazines. The journalistic forms of presentation range from photo reports and explanatory pieces to interviews, info boxes and comic strips, thematic games and handicrafts.

The readers are children aged 9+ who are curious, have a wide range of interests and want to learn about the world. Most parents (91%) read along with their children.
